JOB SUMMARY

To ensure the construction of new buildings and the state of existing buildings meet community and Building Code standards.

KEY DUTIES AND RESPONSIBILITIES

- Conducts multiple on-site inspections of all building construction types, including specialized assessment of sewage system, fire alarm, and sprinkler systems to ensure conformity with the Ontario Building Code, municipal by-laws, and approved documentation (eg. details of permit)
- Interprets all parts of the Building Code, Building Code Act and referenced standards, conducting analysis of conceptual and technical theories, and additional investigation and research of structural and hydraulic design to propose solutions to complex building code issues.
- Issues verbal and written reports and orders as a result of identified code deficiencies, enforcing existing legislation and established by-laws
- Inspects unsafe buildings and structures, coordinating the required resources and providing guidance to internal and external contacts to render a property temporarily safe to protect the public.
- Responds to questions from internal and external customers (eg. the public) regarding the permits process, routine questions and/or complaints, in order to deliver accurate advice and service to customers and the general public.
- Initiates legal proceedings and attends court as a witness as a result of illegal construction practices, in order to protect public safety, enforce legislation and municipal by-laws, and ensure against liability
- Issues certificates of occupancy to permit the use of all building types, ensuring dwellings have been constructed safely to meet customer construction deadlines (eg. meeting scheduled dates of building occupancy).
- Maintains current knowledge skills, professional certification status and a valid driver's license, in order to meet Ontario and organizational occupational requirements and standards.

Requirements

- College diploma in Architecture, Civil Engineering or equivalent at technologist level
- Eligible for membership in AATO or OACETT with 5 to 7 years related building construction, plumbing & HVAC experience
- Successful completion of provincially mandated exam program administered by Ministry of Municipal Affairs (B.C.I.N#) relating to:
 1. Building Code Act & the OBC
 2. In the categories of qualifications that correspond to the types of buildings that will be inspected as set out in the OBC.
- Excellent working knowledge of OBC: ability to read/interpret plans/specifications; commitment to providing quality customer focused service working in a team environment.
- Excellent communication and computer skills; ability to work on own initiative
- Certified Building Code Official designation
- Valid Ontario Class G Drivers license & use of personal vehicle for business purposes required.

Core Behaviours

- **Service Excellence:** Meets or exceeds service standards when interacting with customers in the community and in the organization.
- **Change & Innovation:** Responds positively and professionally to change and helps others through change.
- **Teamwork & Relationship Building:** Interacts with others in an inclusive, collaborative and respectful way that creates effective working relationships.
- **Communication:** Communicates in a clear, professional and respectful way; demonstrates active listening.
- **Accountable & Results Oriented:** Demonstrates ethical behaviour and accountability, aligns with City values, and abides by relevant policies and legislation.
- **Management & Leadership:** Demonstrates self-management, professionalism and engagement; leads by example.

The City of Markham is committed to inclusive, accessible and barrier free employment practices and to creating a workplace that reflects and supports the diversity of the community we serve. Please let us know if you require an accommodation and we will work with you to ensure a barrier free hiring process.
