About the City of Welland... At the City of Welland, we're continuously rewriting our story. Not because we don't know where we're going, but because we are constantly reaching for new heights, engaging in new approaches, and pursuing what many believe to be unattainable or too ambitious. At the City of Welland, we're not satisfied with the status quo. And we're certainly not satisfied with doing things simply because that's how they were done in the past.

We expect our population to increase to over 80,000 in the next 20 years, and serving a diverse, growing community requires strategic thinkers, norm breakers, and passionate civil servants. In Niagara, Welland's growth leads every other municipality, and the City is becoming the region's heartbeat. So, we invite you to author your chapter and contribute to the overall body of work the City of Welland is creating. At the City of Welland, your ideas are nurtured, your input is invited, a healthy work-life balance is available, and most importantly, your voice will make a difference. So, if that sounds like something you want to be a part of, we want to hear from you. We're ready when you are.

About the position... How do you plan for approximately 25,000 new residents in the next 10 years? Thoughtfully, pragmatically, and uniquely. As the City of Welland prepares for unprecedented growth, we need a Manager of Planning Services to guide development proposals and generate solutions to planning and development issues.

Reporting to the Chief Building Official (CBO), this position is responsible for organizing and supervising the inspection of building permits and building, sign, and swimming pool bylaw complaints, the issuance of orders to comply, and recommending prosecution where necessary. This position is also responsible for the supervision of the building inspections unit, including scheduling, prioritizing, coordinating and monitoring work, as well as performing the duties of the CBO, when required.
