Vaughan is one of Canada's fastest-growing cities. Its emerging downtown, the Vaughan Metropolitan Centre; Canada's first smart hospital, the Cortellucci Vaughan Hospital; and the 900-acre North Maple Regional Park continue to generate momentum and excitement. Be part of something amazing and build your career at the City of Vaughan!

The City is an equal-opportunity employer and a forward-looking municipality that is committed to fostering a dynamic workplace that is diverse, inclusive and welcoming. As an award-winning organization for its employment and diversity and inclusivity practices, the City is focused on providing its employees with a thriving professional environment that leverages flexible work arrangements, a family-focused benefits package emphasizing work-life balance, learning and growth opportunities, and a place where collaboration and teamwork are valued.

Excellence demands brilliant personalities, visionary thinking and a passion for public service. Vaughan is your place to grow.

Position Overview

Provides leadership and supervision to a multi-disciplinary skilled technical team of plans examiners, who are Provincial Qualified by the Ministry of Municipal Affairs and Housing. Coordinates the delivery of all building plans examination services, ensuring that building permit design drawings, details and specifications are in accordance with the prescriptive provisions of Ontario's Building Code, applicable laws and department initiatives. Provides technical direction to staff throughout the building permit plans examination process for newly constructed/renovated buildings. Ensures plans examination staff delivers building permit examination services to customers in a timely, effective and efficient manner. Assists and advises Manager regarding technical matters, researches and prepares reports, liaises with other departments and/or agencies, and attends internal/external meetings. Coordinates the processing of Alternative Solutions and provides technical support to the Alternative Solution Review Panel. Provides detailed Building Code interpretation and advice to inspection staff. Executes appropriate decisions on technical Building Code matters based on law, Building Code knowledge, design/construction experience, standard practice and departmental policies and procedures. Exercises appropriate action necessary to achieve divisional objectives.

Qualifications and Experience

- University degree in Engineering (Mechanical, Fire Protection or Civil), Architecture, Building Science or suitable equivalent of Education and related work experience.
- Minimum of eight (8) years of direct experience, with at least three (3) years in a senior or supervisory capacity, preferably in a municipal or design-built environment
- Successful completion, or willingness to commit to completion of the provincial mandated examination program administered and authorized by the Ministry of Municipal Affairs a, in accordance with the Building Code Act and the building code in the categories of qualifications set out in the building code as follows:
