*Consulting Engineers,
Architects & Planners*

ARCHITECTURAL TEAM MEMBER

G. Douglas Vallee Limited (Vallee) is an Architectural and Engineering firm located in Simcoe Ontario on Ontario's South Coast. Our rapidly growing Architectural group is looking for new members to compliment our energetic team! The successful candidate will have expert level knowledge of the Ontario Building Code and extensive experience in the field inspecting building construction projects.

This position is wide ranging in opportunity and responsibilities depending upon the background and experience of the successful candidate. Duties may include: proposal development, schematic design and design development, interior design, review for OBC compliance and constructability, preparation and review of specifications and tender documents, cost analysis and estimating, field inspection during construction, construction contract administration and contractor relations, and client liaison.

Vallee is proud to offer our team highly competitive compensation packages which include extensive benefits (health and dental, life, LTD, etc.) group RRSP plan, and flexible work hours all within a fun and enjoyable working environment.

Qualifications

- Seasoned field experience in building construction, construction methods, techniques and practices within Ontario
- Experience with CCDC contracts and the Construction Act are preferred but not essential.
- Expert knowledge of the Ontario Building Code
- Superior English written and verbal communication skills
- OAA, Licensed Technologist OAA, or CET are appreciated but not essential.

Applications

Applications can be emailed directly to johnvallee@gdvallee.ca or by regular mail to:

John D. Vallee, P.Eng., President
G. DOUGLAS VALLEE LIMITED
